

## About the Survey

The Class of 2011 Post-Graduate Survey of undergraduates in the Krieger School of Arts & Sciences and the Whiting School of Engineering, conducted by the Johns Hopkins University Career Center, was completed in January 2012. Graduates were contacted via email, beginning in June 2011, to complete an online survey. Throughout the summer, the Career Center repeatedly invited recent graduates to take the online survey. An additional attempt to collect data was made in collaboration with the Office of Annual Giving. The Phonathon contacted 2011 graduates via telephone to collect information from those who had not yet taken the survey online. Altogether, 636 members of the undergraduate Class of 2011 (60% of the class) provided information.
