Install the Software from Kurzweiledu.com Download

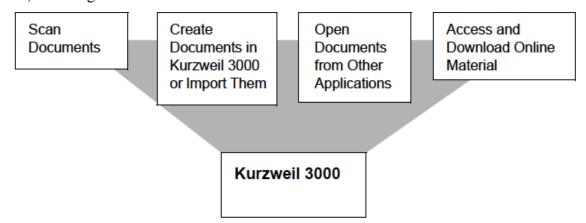

.Go to www.kurzweiledu.com/k3win and select the Kurzweil 3000 Web License link.

- **2.**Choose **Save** to save the file. This will take some time.
- **3.**When the download has completed, double-click the .exe file to continue. An Installation dialog pops up.
- **4.**Choose a destination folder for installation files to be extracted to and click **Install**.
- **5.**When the extraction has completed, select **Install Web Licensing Software** in the window that displays and follow the prompts to finish installing the software.
- **6.Restart** if prompted to do so.

Access Print and Electronic Material from Kurzweil 3000

Kurzweil 3000 allows you to access a wide range of source material from scanned documents to Web pages. In addition, you can work with virtually any image or text document in Kurzweil 3000, including Microsoft Word and Adobe PDF.

Students Read, Write, Study, and Learn

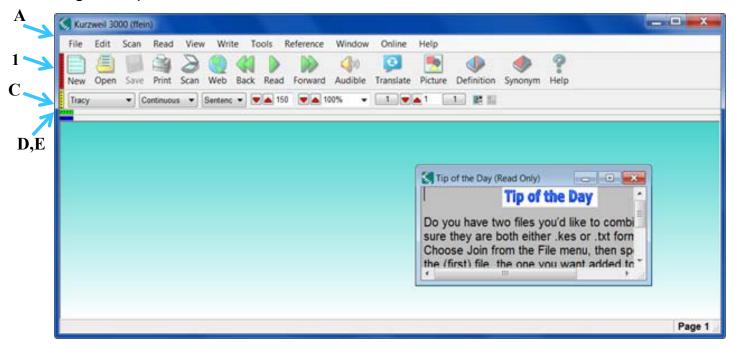

If you are a student, Kurzweil 3000 enables you to be an independent learner and active classroom participant.

Easy-to-use features help you:

- Hear, see, track and understand what you are reading.
- Correct what you are writing.
- Organize and study lesson material.
- Hear, understand and respond to test material.

The Kurzweil 3000 for Windows User Interface

Along the top of the window are the Main Menu bar and the Classic toolbar set:

A	Main Menu bar	Access all features and functions, many of which also have keyboard shortcuts
В	Main toolbar	Access frequently used general functions
С	Reading toolbar	Access frequently used Reading tools
D	Study Skills toolbar	Access frequently used Study Skills tools
E	Writing toolbar	Access frequently used Writing tools, including those in the Writing Path

Notes:

- •To show or hide a toolbar, see click the color brick at the left edge of the toolbar.
- •If this is the first time you are opening the Kurzweil 3000 window, you will see a Tip of the Day window. To hide Tip of the Day, go to the Tools menu, select Options and in the General pane Miscellaneous are, uncheck Tip of the Day.

The Main Toolbar

The Reading Toolbar

The Study Skills Toolbar

The Writing Toolbar

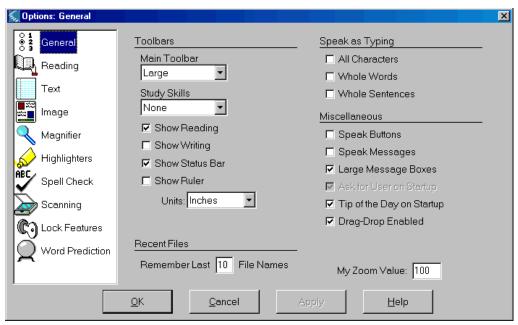

Options Dialog Box

The Options dialog box contains ten panels that you can use to specify how you want Kurzweil 3000 to look and behave.

To access the Options dialog box:

1. From the **Tools** menu, select **Options**.

The Options dialog box appears.

2. Click an icon along the left to display its associated options panel.

The Kurzweil 3000 for Macintosh User Interface

When you first start Kurzweil 3000, you see the **Menu Bar**, **Starting Points** window, the **Reader** and the **Tools** palette:

The Menu Bar and Contextual	The Menu Bar lets you access commands that you use to perform tasks in Kurzweil. In addition to buttons and menus from the menu bar, there are a few Contextual Menus
Menus	that provide you with relevant founctions and features
The Starting	The Starting Points window appears by default when you open Kurzweil. It provides a
Points Window	quick way to create New text documents, Open existing documents, Read the Web, or
	Scan documents
The Kurzweil	The Reader is your main reading control panel, which also provides access to word
3000 Reader	lookup tools
The Tools Palette	The re-sizable Tools palette puts annotation tools in easy reach

To show or hide the Starting Points, Reader or Tools palette:

Open the Window menu and choose the desired Show/Hide selection.

Document Windows

Each document that you create, open, or scan appears in its own **document window**. Document windows consist of a **toolbar** at the top, a **document area** below the toolbar, and, if it is an image document, a **Page Options** bar (see page 10) at the bottom of the document window.

Toolbars

By default, document windows display a toolbar appropriate to the **document type**. **Image documents**, such as TIFF or PDF documents, display the **Exploring** toolbar. **Text documents** display the **Writing** toolbar. Newly scanned documents display the **Scanning** toolbar.

Kurzweil 3000 includes six default toolbars, each containing a group of specialized tools.

The Classic Toolbar

The Documentation Preparation

The Exploring Toolbar

The Scanning Toolbar

The Studying Toolbar

The Writing Toolbar

To change the currently displayed toolbar for the current document:

Choose **View > Current Toolbar**, and select a toolbar from the submenu.

To specify a different default toolbar for new documents:

Open the **Kurzweil 3000 Preferences** window, click **Toolbars**, and specify a new toolbar in the **Initial Toolbars** area.
