# CONDOM INFORMATION

Thanks for visiting the condom guide! This guide has individual state resources (see next pages) for finding free condoms. If your state does not have any information listed use these general resources below to help you find some near you. **Make sure to click the bolded name on all resources to access the links.**

- **Local & State Health Departments:** most local health departments have free condoms available at their offices. Search your county name and health department and you will often find the closest local health department near you. If you are still having trouble try seeking out your state health department
- **Condom Finder:** type in your address to find free condoms near you, this includes health departments, clinics, and more
- **Cozy Condoms Free Sample:** for free sample pack of cozy condoms, receive them 2-3 weeks after request. This is not a consistent way to get condoms but a fun start
- **Planned Parenthood:** find a planned parenthood closest to you to access their free or low-cost condoms
- **Contact CHEW's Health Educator:** if you are struggling to get access to free to low cost condoms, email Molly Hutchison
- What are distribution centers? Throughout this guide you will find distribution centers and locations, these are often small businesses and community organizations that have free condoms placed by a local health department across the county available to pick up at any time. Often they are in brown bags or in baskets near the front door or desk
