Community Living

KKI Center for Diversity Orientation

The *Maternal and Child Health Careers/Research Initiatives for Student Enhancement (MCHC/RISE-UP)*

Program and Dr. James A. Ferguson *Emerging Infectious Disease Fellowship* are public health training initiatives funded by Centers for Disease Control and Prevention. They target minority populations to encourage and support the pursuit of graduate degrees and public health careers.

5/27 - 6/1

32 Participants

KKI Center for Diversity Summer

The Nationwide Internship Consortium (NIC) is a group of 15 selective institutions across the country that share internship information through a common database. Each summer, members of each institutions' Career Center meet to discuss how to best meet the needs of the students they represent.

5/27 - 7/28

20 Participants

Undergraduate Medical

The Summer Internship Program (SIP) provides an experience in research laboratories to students of diverse backgrounds including under-represented minority students and students from economically disadvantaged and underserved backgrounds that have completed one or more years of college. The purpose of this exposure to biomedical and public health research is to encourage students to consider careers in science, medicine and public health.

5/27 - 8/4

40 Participants

CUPID

The Cancer in Underprivileged, Indigent or Disadvantaged (CUPID) Summer Translational Oncology Program is a 7 week summer fellowship for medical students who have demonstrated interest in caring for underserved populations and who are exploring careers in oncology.

5/27 - 8/4

10 Participants

JHSPH Diversity Summer Internship Program

The Diversity Summer Internship Program (DSIP) at the Johns Hopkins School of Public Health is a 10-week summer program that provides undergraduates with a graduate-level, independent research project in the biomedical or public health field. DSIP welcomes applicants from all over the United States, including underrepresented and economically disadvantaged areas.

5/27 - 8/4

17 Participants

Laboratory for Computational Sensing & Robotics Research Experience for Undergraduates

The LCSR REU Program is a National Science Foundation funded program that brings together engineering students from institutions nationwide to work on challenging research projects in the Laboratory for Computational Sensing and Robotics. Students will make contributions to different research areas like helping develop new medical robotic devices, improving medical imaging systems, and working on telerobotics systems for satellite servicing, etc. The students will spend ten weeks working on their research project and visiting local government labs and companies.

5/27 - 8/4

40 Participants

CTY JSAM

Center for Talented Youth (CTY) focuses on the needs of students with exceptionally high academic abilities. CTY offers gifted students and their families a wide range of programs and services to nurture their intellectual abilities, enhance personal development, and foster a better understanding of the needs of these talented youth.

5/31 - 6/3

135 Participants

Alpha Phi Alpha Fraternity, Inc.

The purpose of the Alpha Phi Alpha Fraternity, Inc. Leadership Academy is to provide a thorough, intense training experience for college members who have been elected to a leadership role at the various levels of the fraternity. Each year, approximately thirty college brothers from across the country attend the week long academy.

6/1 - 6/9

48 Participants

Summer Anatomy Institute

This program is designed to give undergraduate students an introduction to all aspects of human anatomy, and includes demonstrations using human cadavers.

6/3 - 6/29

25 Participants

Packer Collegiate

The Packer Collegiate Institute is an independent, college preparatory day school providing coeducational programs from pre-school through grade 12. The senior class travels to Baltimore every June to celebrate their graduation. During the day they volunteer at service agencies in the city.

6/4 - 6/7

111 Participants

Engineering Innovation Instructors Training

Engineering Innovation is a JHU administered course offered to students around the country. The instructors are college professors in engineering and high school math and physics. During their training, instructors learn the topics they will teach during the course and how to deliver that content to high school students in an effective way.

6/10 - 6/15

15 Participants

CLSP Summer on Human Language Technology

The Center for Language and Speech Processing has organized and will host a few international teams for an intensive 6-week research workshop on speech and language engineering. Each workshop team will spend 6 weeks together at the CLSP working in close proximity on some challenge problem or promising solution technique that has not yet been well studied. The workshop is preceded by a 2 week summer school in Human Language Technology, run for the benefit of the student participants and other attendees. Each day of the summer school features two invited lecturers and an all-afternoon hands-on lab exercise.

6/10 - 6/23

10 Participants

Epidemiology & Biostatistics

This program is intended to develop an understanding of basic and advanced principles of epidemiological research, and will offer courses which present epidemiologic methods and their application to the study of the natural history and etiology of disease.

6/10 - 6/30

40 Participants

True Lacrosse Camp

This elite team is comprised of the best athletes from across the country who have displayed superior skills, exceptional lacrosse IQ, determination, and teamwork. Selected players get to train with professional coaches, all in preparation for the NSCLA tournament where they will face-off against other top competitors.

6/12 - 6/15

130 Participants

Envision Medical

Envision Medical is one of the nation's educational leaders in personalized experimental learning, designed to better prepare middle and high school students for their transition to college and their future career. Envision Conferences offer outstanding students the opportunity to explore their future path and discover what inspires them the most.

Session I:
6/13 - 6/26

130 Participants

Session II:
6/13 - 6/26

130 Participants

Session III:
6/13 - 6/26

130 Participants

Urban Adventures: Baltimore

The Camp Combe YMCA runs a 2 week summer program each year called Urban Adventures, which includes a 3-day/2-night trip into the city in the north east. Students travel to the most popular areas of the city to experience culture, history, and have some fun! In Baltimore they will be visiting Geppi's Entertainment Museum, taking a Segway tour, visiting Camden Yards, a walking ghost tour, and sailing aboard a Pirate Cruise.

6/17 - 6/19

18 Participants

JHU Summer School on Materials Growth & Design

3rd JHU Summer School on Materials Growth and Design, a PARADIM hosted/ NSF-Sponsored workshop, features a combination hands-on experience and lectures by internationally renowned scientists, both aimed at teaching participants materials growth and design of topological (reciprocal and real space) materials.

6/17 - 6/23

22 Participants

Center for Talented Youth

CTY JHU is a part of CTY's studies program, offering academically gifted students college-level course work or accelerated study in specific disciplines within mathematics, science, the humanities, and writing. CTY brings together a community of scholars where students enjoy interacting with other bright students and educators.

Session I:
6/17 - 7/14

440 Participants

Session II:
7/14 - 8/4

440 Participants

BB Lacrosse Day Camps

This day camps is for boys 8 years old through 14 (or entering their freshman year of high school). The camps offer these boys a chance to improve their knowledge and skills of the game.

6/18 - 6/21

35 Participants

Teach for America Induction

Teach for America is the national corps of outstanding recent college graduates and professionals of all academic majors and career interests. They commit two years to teach in urban and rural public schools and become leaders in the effort to expand educational opportunity.

6/19 - 6/24

110 Participants

Blue Jay Academy

The Johns Hopkins Women's Basketball Team is hosting a summer camp for developing athletes. Each camper will have the opportunity to improve their fundamental physical skills as well as be a part of a team, working with other campers, current Hopkins Student-athletes and coaches.

6/20 - 6/22 **55 Participants**

Ambassador Leaders

Ambassador Leaders is dedicated to inspiring and preparing the next generation of leaders and professionals through experiential leadership summits. This career-focused program brings together motivated high school students from across the US and around the world to prepare for careers in medicine and health care. Students participate in workshops and simulations, visit medical research facilities, work with experts in the field, and map their path to a successful medical career.

Session I:
6/22 - 7/3 **165 Participants**

Session II:
7/25 - 8/5 **180 Participants**

Summer University Programs

The Johns Hopkins Summer University Program offers high school students the opportunity to take freshman and sophomore level classes in arts, sciences, and engineering.

Summer University:
6/18 - 8/5 **45 Participants**

CTY:
6/24 - 8/4 **14 Participants**

Engineering Innovations:
6/24 - 7/20 **165 Participants**

Discover Hopkins (Session I):
6/24 - 7/6 **125 Participants**

Discover Hopkins (Session II):
7/8 - 7/20 **170 Participants**

Discover Hopkins (Session III):
7/22 - 8/3 **175 Participants**

Tucker Lacrosse Camp

Tucker Lacrosse Camp showcases advanced high school women's lacrosse players from across the country. Lacrosse coaches and their assistants from all three collegiate divisions are invited to participate throughout the three-day camp as guest coaches and camp instructors.

6/24-6/26 **110 Participants**

HOP-IN

The JHU Hop-In Summer Program provides early exposure to academic and social life at the University to a group of academically talented incoming first-year students. Many of whom are the first in their family to go to college, are from high schools that offered relatively limited opportunities for advanced course work, or may have significant time constraints with their coursework during the first year on campus.

7/1 - 8/4 **49 Participants**

Mid Atlantic Soccer Academy

This camp provides high school soccer players an opportunity to be trained and evaluated by college coaches. There is a mixture of tactical and technical training sessions and competitive play.

7/5 - 7/8 **130 Participants**

Petro Lacrosse Camp

Petro Lacrosse Camp is for boys from 7th grade to their senior year of high school with a chance to improve their knowledge and skills of the game in a perfect setting of both turf and grass fields with some of the best college players in the game today.

Session I:
7/7 - 7/11 **132 Participants**

Session II:
7/21 - 7/25 **165 Participants**

Health Emergencies in Large Populations (HELP)

The HELP Summer Institute brings people all over the world to learn about disaster response and public health outreach.

7/8 - 7/27 **18 Participants**

Maryland Nike Swim Camp

US Sports Camps is offering two sessions of youth swim camps for boys and girls (ages 9-18). This program is designed for competitive swimmers to improve and refine their stroke technique.

Session I:
7/8 - 7/11 **25 Participants**

Session II:
7/22 - 7/25 **25 Participants**

Session III:
7/29 - 8/1 **25 Participants**

Christian Connections for International Health (CCIH)

Christian Connections for International Health (CCIH) is a network of individuals and organizations from across the globe committed to promoting global health and wholeness from a Christian perspective. The CCIH Annual Conference is an opportunity to learn, network, share information and best practices and to join in Christian fellowship for students and global health professionals.

7/12 - 7/16 **100 Participants**

B'More Elite Distance Camp

The Elite Distance Camp is a unique camp that combines a fun and energetic experience with a serious approach to becoming an elite distance runner. Rather than simply playing games and running, the camp will teach the many facets of what it takes to maximize one's potential as a distance runner. In addition to games, activities, contests, and a tubing trip down Gunpowder River, the camp will also touch on the many disciplines of endurance training.

7/12 - 7/19 **55 Participants**

Mad Dog Lacrosse Camp

This training camp is for 100 select lacrosse players ages 10 - 17 from across the United States. Players will work on fundamental skills, positional training, and team strategies throughout the week. They will receive high level coaching from Mad Dog coaches from both coasts as well as different guest coaches (college players and coaches). Players will leave the camp more confident and prepared to take on the next season.

7/16 - 7/20

110 Participants

M.A Teaching in Writing Program

The Johns Hopkins M.A. in Teaching Writing Program will be holding its Summer Residency, "Best Practices in the Teaching of Writing," on the Johns Hopkins Homewood campus. The residency is for students enrolled in the Teaching Writing Program.

7/22 - 7/29

12 Participants

BJ Women's Soccer Academy

This is a residential camp for high school aged girls. The camp is geared to providing a high quality soccer experience for those players interested in playing at the collegiate level in the future. It will be an opportunity to play with and against other high level players under the guidance of experienced professional coaches and players.

7/26 - 7/29

88 Participants
