AN INTRODUCTION TO OFF-CAMPUS HOUSING

Searching for a place to live can be stressful. However, with preparation and resources from our office, it doesn’t have to be!

When considering your housing options, it’s important to talk to your family and your roommate (and their family) about expectations including budget, distance, security, and amenities. Take note of how long you are looking to lease – 9 months, 1 year, 2 years, or maybe even just one semester if you are studying abroad. If subletting is part of your plans, be sure to ask management if subletting is allowed.

Once you have researched your options, you should begin to tour the buildings that you are most interested in and ask strong questions. Some things to consider while touring – building maintenance, pest control, lighting, and security. You should also ask about the application process, which varies between properties. There are some properties that start accepting applications as early as November for the following year. However, it is important to do your research, tour the properties, and understand your financial responsibility PRIOR to completing an application or signing a lease.

Inside this brochure is a list of the commercial residential properties in the area that have shared information about their property with us. It is designed to assist you in making an informed decision about your choice in housing for next year. Please note: information in this brochure is subject to change without notice. For the most up-to-date information and availability, please contact the property of interest directly.

BUILD YOUR HOUSING SEARCH PROFILE
