# OUR MISSION

Student Disability Services collaborates to create an inclusive community for students with disabilities by proactively removing barriers, raising awareness of equitable practices and fostering an appreciation of disability as an area of diversity while utilizing a wide range of approaches from UDL to individualized accommodations.

## Advocates for Disability Awareness (ADA)

ADA is a student group that gives members leadership experiences and opportunities to explore disability topics in collaboration with campus partners. ADA provides community outreach, advocacy, support and mentoring for peers who are impacted by this area of diversity. For more information, email [jhu.ada@gmail.com](mailto:jhu.ada@gmail.com) and follow ADA on social media.
