Navigating Course Registration for KSAS Students

Jessie Martin  
Assistant Dean for Academic Advising, KSAS  
jessie@jhu.edu

Maureen Kelly  
Assistant Director of Family Engagement  
mkelly80@jhu.edu
Office of Academic Advising Mission

To provide quality advising that calls on the expertise of faculty, staff, and administration, who work with students to identify and explore the unique curricular, co-curricular, and extracurricular opportunities that define the Johns Hopkins University undergraduate experience.

Advisors use evidence-based and pedagogically sound approaches to empower students and support their holistic well-being as they navigate their academic choices, explore meaningful experiential learning opportunities, and engage in a richly diverse campus community that cultivates inclusivity and promotes intellectual curiosity.

Through collaborative efforts across the various campuses and schools, advisors work to ensure that all students have the opportunity to define and pursue their personal, academic, and professional goals.
Student Learning Outcomes

1. Students understand their academic program and, with this knowledge, develop an academic and co-curricular plan that fulfills their University and degree requirements.

2. Students know how to access and understand the importance of the resources that promote academic success and community engagement.

3. Students will gain an appreciation for how their undergraduate experience helps them to achieve their personal and professional goals, while fostering intellectual curiosity.

4. Students understand the importance of self-care and engage in practices that support their physical, mental, and emotional well-being.

5. Students will recognize the value of collaborative work, of incorporating diverse perspectives in their personal and professional development, and of interacting with others in ways that are empathetic and respectful of differences.
Holistic Advising

- Connect to Resources
- Student Experience
- Tutoring
- Coaching
- Academic Planning
- Co-curricular

Academic Advising
Advising Roadmap

Faculty Mentors, your guides to:
- Explore options in the department and discipline
- Research and experiential learning
- Career directions

Academic Advisor, your guide to:
- Preparing for the college environment
- Academic planning
- Academic resources
- Academic policy

Schedule an appointment with your academic advisor and attend the group advising session

**July**
July 24th: Register for Fall 2023 courses at 7:00am (Baltimore Time)

**August**
- Incoming Student Orientation activities
- August 28th: Fall 2023 Semester begins
May 2023

Students enrolled in a New Student Advising Course in Canvas

Students are required to complete the advising course prior to their summer advising meeting

Goals of Canvas Course:

• Introduction to Academic Advising
• Understand JHU Curriculum
• Create a First Semester Schedule
• Prepare for Registration in July
• Get the most out of the summer advising session
June/July 2023

- Individual advisor assignments will be made in early June
- Advisors will email students in early June to make an introduction and send a scheduling link to students to make their summer advising appointment
- It is required that the advising course, including the first-year student profile are complete prior to the summer advising meeting
- We have enough capacity to give students one individual advising appointment this summer
- If students would like to meet before registration on the 24th, they will need to schedule early (as soon as the link is available in June)
- Goals of the summer advising meeting are to build relationships between student and advisor and to prepare students for their first registration at JHU.
July 2023

FRESHMAN Registration
July 24, 2023 at 7:00AM Baltimore Time

TRANSFER STUDENT Registration
July 17, 2023 at 7:00AM Baltimore Time
