### General Information for AS and EN

**1. S/U Grades (freshmen)** - Freshmen first semester grades are not reported on the transcript. Each course with a grade of C- or above is assigned the letter S (for Satisfactory) in place of a grade. Letter grades below C- are assigned the letter U (for Unsatisfactory). In the first semester of a student's freshman year, credit is awarded for S grades.

For the first semester freshman year only, credits are also awarded for U grades if the actual grade is D or D+. In this instance the grade of UCR is assigned. No first semester grades are included in a student's cumulative grade-point average.

**2. S/U Option\* (other)** – Undergraduate students may take one course per semester for Satisfactory/Unsatisfactory credit. These courses have no effect on a student's grade point average. Students who earn a C- or above in an S/U course receive an S on the academic record. When a D+, D, or F is earned in an S/U course a grade of Unsatisfactory is recorded on the academic record. With the exception of the first semester of freshman year, courses with an Unsatisfactory grade receive no credit.

**S\*/U\* Grades-** Due to the global COVID-19 pandemic, final grades for all undergraduate students in Spring 2020 semester-long and second-half semester courses were reported as Satisfactory/Unsatisfactory (S\*/U\*). Final grades for courses completed in the first half of Spring 2020 were unaffected.

Final grades for all undergraduate students in Fall 2020 were reported as Satisfactory/Unsatisfactory (S\*/U\*). Students could choose that final grades for Fall 2020 semester courses be reported as letter grades (A, B, etc.).

**3. Undergraduate Retake Policy** - Students may retake a course in which they earned a C+ or lower. The grade for the second attempt and the associated credits are recorded on the transcript and are calculated into the GPA. If a student drops or withdraws from the subsequent attempt, the original grade is calculated into the GPA

Effective Fall 2011, when the new grade is recorded, the original grade remains along with the notation "R" to indicate the course was retaken, and the original grade does not affect grade point calculations, nor does it carry credit toward graduation.

Prior to Fall 2011, when the new grade was recorded, the old grade was replaced with the letter R to indicate the course was retaken.

**4. Graduate Retake Policy** - At the discretion of the graduate program, a graduate student may retake a course, but the grade from the initial effort will remain on the transcript. This applies whether the initial effort occurred while the student was an undergraduate student or a graduate student.

**5. Graduate Level Courses in the Zanvyl Krieger School of Arts and Sciences (AS)** - Effective Spring 23, graduate level courses are assigned credits. In addition, graduate level students may receive letter grades (A, B, etc.) or P/F (Pass/Fail). Prior to Spring 2023, credit hours were not assigned to graduate level courses unless taken by an undergraduate, and all 600-level courses carried the equivalent of 4 credits. No GPA is calculated.

Due to the global COVID-19 pandemic, graduate students could choose that final grades for Spring 2020 and Fall 2020 semester courses be reported as Pass/Fail (P/F).

**6. Graduate Level Courses in the Whiting School of Engineering (EN)** - Effective Summer 2016, graduate level courses are assigned credits. In addition, graduate level students may receive letter grades (A, B, etc.) or P (passing). Prior to Summer 2016, credit hours were not assigned to graduate level courses unless taken by an undergraduate, and all 600-level courses carried the equivalent of 4 credits. No GPA is calculated.

Due to the global COVID-19 pandemic graduate, students could choose that final grades for Spring 2020 and Fall 2020 semester courses be reported as Pass/Fail (P/F).

**7. Class Hours** - Indicating class hours per week is not required of all courses. Should a course have class hours assigned, those hours will appear on the transcript.

**8. Probation** – Undergraduate students who earn a grade point average less than 2.0 or fewer than 12 credits in a semester are placed on academic probation.

**9. Dean's List** - Noted for undergraduate students who earn a term grade point average of 3.5 or above in a semester of at least 14 credits with at least 12 GPA credits graded.

**10. Honors** - General or Departmental Honors are awarded at graduation - General honors are awarded to undergraduate students with a cumulative grade point average of 3.5 or better. Departmental honors are awarded according to department specific criteria.
